Subject: Red Hill Administrative Order on Consent Section 6 & 7 Meeting

Red Hill Administrative Order on Consent Interested Parties:

In support of the AOC SOW Sections 6 and 7 development process, we respectfully request your participation in a meeting on Wednesday, December 21st, from 0900 to 1030 at Naval Facilities Engineering Command, Hawaii, to discuss the first three derivative deliverables described in the revised Work Plan/Scope of Work: Monitoring Well Installation Work Plan Addendum, Sampling & Analysis Plan, and Existing-Data Evaluation/Summary Report. During this meeting, we will discuss the proposed content and outline of these derivative deliverables. This will be an opportunity to discuss and provide input for consideration on the approach to these deliverables.

Please confirm your attendance no later than 2:00 p.m., Tuesday December 20, and provide the names of attendees accordingly. Additional attendee information may be required for Navy access purposes. We have allotted space for four (4) individuals from each of your agencies. If you are unable to attend, a negative reply is also requested. Once attendance is confirmed, a follow-up email will be sent to you to coordinate access as necessary. We are looking forward to a productive discussion on these and future deliverables. Thank you and we appreciate the opportunity to solicit your input.

Sincerely,
CAPT Rich Hayes
Commanding Officer, NAVFAC Hawaii
Regional Engineer (N4), Navy Region Hawaii
